7. Facilitation procedures (*)

- *Registration*

8. Conclusion of the Assessment

- *Certificate of Conformity (CoC) issued by the IRI for importer*
- *Non-Conformity Report (NCR)*

9. Fees (*)

Inspections are paid by the Exporter directly to Bureau Veritas office in the country of export or by the importer directly to the Liaison Office (LO). Nevertheless, Bureau Veritas may also invoice the Seller in the event of supplementary inspection visits (aborted or unsatisfactory results during first Inspection). The costs incurred by the Seller in presenting the goods for inspection, such as unpacking, handling, testing, sampling, repackaging... are for the Seller's account.

- *For all items the proposed fees are based on FOB value of the consignment, in case FOB value is not provided 10% shall be added on the final invoice EXW (Ex-Works) amount.*
- *Fees applicable to the Programme will be paid per inspection. They are set to cover the cost of inspection of the consignment including sampling when necessary, the documentary review and the conformity certificates (if satisfactory).*
- *Does not include any additional work that may be required, such as shipping & testing of samples*
- *Below fees are applicable for both routes A and B (Registration)*

() Updated information*

The information contained herein is for the purpose of facilitating Pre-Shipment Inspection and does not relieve Exporters or Importers from their obligations in respect of compliance with the import regulations of the country of importation. Although every effort has been made to ensure the correctness of the information, as at the date of issuance of this data sheet, Bureau Veritas does not accept any responsibility for errors or omissions and, furthermore, the information may subsequently be subject to change as may be announced by the Authorities in the country of importation. Consequently, Exporters are advised to check with Bureau Veritas, prior to shipment of the goods, if there is any doubt concerning the issuance of a Certificate of Conformity.

Annex 1: List of subjected goods

PRODUCTS
TOYS
<i>Electrical toys (From small button cell operated lights to large sit on cars powered by large lead-acid cells)</i>
<i>Child care articles – Baby Soothers</i>
HOUSEHOLD APPLIANCES
<i>Vacuum cleaners and water-suction cleaning appliances</i>
<i>Electric irons</i>
<i>Dishwashers</i>
<i>Stationary cooking ranges, hobs, ovens and similar appliances</i>
<i>Washing machines</i>
